- Experience working with customers to understand operational challenges and tying that back to the business value involved in enterprise-wide deployments
- Experience and comfort working with multiple stakeholders across large organizations
- Curiosity to learn about new businesses and industries, and the ability to quickly grasp and make effective use of industry- and company-specific terminology
- Enthusiastic and energized by interaction with many different people
- Experience with technology platforms

We are a dynamic and growing company and this position is for the new brands we are introducing over the next few months.

This role is an office-based staff position with excellent benefits and a competitive salary.
