Job Title: Digital and Print Technical Illustrator/Artist

Gulf Energy Information is currently seeking a digital/print technical illustrator/artist to join our production team. This person is responsible for the illustrations and photos for our web-based and print editorial materials.

Job duties include:

- Handle all photos and illustrations for magazines, websites, presentations, and other print and web-based products,
- Redraw/recreate submitted illustrations,
- Execute markup and rekey type on existing images,
- Color correct, resize, and sharpen submitted photos,
- Create technical illustrations and graphs,
- Scan images as assigned,
- Create html newsletter templates,
- Create digital marketing graphics, including short animations, and
- Other graphics/production tasks as assigned.

Requirements include:

- a strong Macintosh computer background,
- proficiency in Adobe Illustrator, Photoshop, and Acrobat,
- html, CSS, and JavaScript experience,
- a bachelor's degree in a related field, and
- at least three years of related experience.

This position requires self-motivation, the ability to prioritize and manage multiple projects, and produce quality work in a deadline-driven environment. Excellent communication skills are essential. Knowledge of the energy industry is a plus.

This is a full-time, onsite position with benefits. Please send cover letter and resume to [resumes@gulfenergyinfo.com](mailto:resumes@gulfenergyinfo.com). No phone calls please.
