# SPONSORED SURVEYS/ CAMPAIGN BENCHMARKING

Unbiased, Confidential Feedback

## Sponsored Survey

*Carbon Economist* polls its readers with 6-7 proprietary questions that you provide along with 2-3 open questions. The survey is branded *Carbon Economist* with no mention of the sponsor. The proprietary results are shared only with the sponsor.

> From \$7,680/survey

## Sponsored Survey with Lead Gen

Providing targeted leads without content. *Carbon Economist* sends out a targeted survey for categories such as energy companies, consultancies, hydrogen producers, and more. At the end of the survey, the respondent is informed that the consolidated results will be made available at no charge courtesy of the sponsor(s) for a limited time, instead of the usual \$3,500 charge.

> From \$10,200/survey

## Campaign Benchmark Study

*Carbon Economist* offers regular advertisers the option to benchmark advertising efforts by providing a pre- and post-campaign survey for a product or company over a period of time. The final report provides you with verifiable information on the impact of your campaign.

> From \$5,100/survey

## SOCIAL MEDIA

Social media is an integral part of *Carbon Economist's* brand reach. With engaged followers located around the globe, you too can access this audience as part of your advertising campaign.

# SUBSCRIPTIONS

## Get more from *Carbon Economist*

*Carbon Economist* covers the key aspects of the transition to a low-carbon economy. Our global network of writers and contributors provide informed analysis of renewables, carbon trading schemes, CCS/CCUS and sustainable finance for decision makers looking for a complete perspective of the current energy sector and where it is headed.

## Hydrogen Project Intelligence

*Global Energy Infrastructure* (GEI) consolidates project data and market intelligence for easy access for our customers across refining and petrochemicals, hydrogen, LNG, oil and gas pipelines and renewables.

The GEI hydrogen data set includes the feedstock types, production technology type and hydrogen color, as well as project status, scope and owners. For the LNG and gas processing data set, we include details of the engineering and construction companies, LNG storage tanks, terminal expansions as well as contact details for owners of the project. In our downstream data set, we include capacity and cost estimates, including FIDs, who has FEED duties on projects and much more.

Business development and market analysts love GEI for the comprehensive overview and intelligence it provides of the global energy market. This service will bring your company the data it needs to make smarter decisions, an advantage in winning new business and understanding trends in important market segments.
